This letter is in behalf of  
Scott Caugh & from what we  
heard? There is no way MR Scott  
said anything vulgar or assault anyone  
He is not a person that runs around  
hissing or looking for trouble in the  
fossil, please step back & take a good  
look at the whole story & think  
if anyone would do such a thing?  
This is absurd, even if he has  
many differences - He isn't that  
person that's being painted on  
That's not the guy, thank you  
very much, we left with the  
Couples for awhile now & frankly  
im tired of all the bickering  
they do - So I help separate to  
avoid further conflict, if you  
have any questions please call  
me - 808-685-9824 TS

Thank you so much,  
Have a good day -
